

# Equivalency Determination (ED) Questionnaire

## Welcome

### Overview

Welcome to the NGOsource Equivalency Determination Questionnaire! As you may know, a U.S. based grantmaker is in the process of evaluating a grant request for your organization. As part of your grant application, NGOsource (an independent U.S.-based nonprofit) has been asked to complete an equivalency determination.

Under U.S. tax law, grantmakers must satisfy specific legal requirements before making a grant to an entity, such as yours, that is organized under the laws of a country other than the U.S. These legal requirements may be satisfied by making an equivalency determination (ED). The purpose of the ED is to demonstrate that your organization is the equivalent of a U.S. public charity. If you qualify as the equivalent of a U.S. public charity, grantmakers may choose to reduce restrictions on your use of grant funds.

We understand that this complex process may seem time-consuming or confusing, and we have made every effort to make it as simple as possible. Please know that completing this process one time will enable other U.S.-based grantmakers to find your organization more easily.

### Required documents to collect.

Before you begin the online equivalency determination questionnaire, please collect the following:

- Financial statements for the past 5 years. You will be requested to enter financial information in your local currency. Based on the information provided, your local currency is EUR = Euro.
- Governing documents in English language. (These documents are required by the U.S. government. Governing documents are used to register or form your organization, such as articles of incorporation, bylaws, or other formation documents. If your documents are not in English, you will need to translate parts of them. Translations do not need to be certified.)
- Funder names and grant amounts for the past 5 years.

### Need help?

If you have any questions as you fill out the questionnaire, please click on the gray **+ Help** box near the top right of the screen. The **+Help** box will display the email address for your NGOsource customer service representative as well as links to the FAQs and glossary. Your customer service representative will be able to help you through the equivalency determination process.

If you have trouble connecting to the internet, you will have the option to print out your application after the first section of the questionnaire. Please contact your customer service representative for assistance with mailing or faxing your application back to NGOsource.

### Required questions.

Required questions are shown by an asterisk (\*).

### Stop and come back.

You may stop at any point and come back later to complete this questionnaire by clicking the **Save** button. Your answers will be automatically saved every 5 minutes.

We thank you for working with NGOsource to complete your equivalency determination.

---

3. Is your organization prohibited by law or custom or by your governing documents from dissolving? \*

No

4. If "yes," please specify the page and section of your governing documents that prohibit your organization from dissolving, or if that requirement is found in other applicable law, please identify that law here. \*

## Personal Benefit

1. Do the laws and customs governing not-for-profit status in your country permit the organization's assets to be given to a private person or non-charitable organization? This does not include situations where assets are used: (1) in pursuit of the organization's charitable activities, (2) to pay fair compensation for services, or (3) to sell property at fair market value. \*

No

2. Does your organization have any shareholders or members who gain a personal or private benefit from, or have an ownership interest in, the organization's income or assets, other than fair compensation for services? \*

No

3. Does your organization have a substantial purpose of operating for the private benefit of individuals, companies, or similar non-charitable organizations (other than the beneficiaries of your charitable activities), for instance by generating business for a related for-profit company? \*

No

4. If you answered yes to any of the questions above, please explain. \*

## Publicly Supported Organizations - Major Donors

Based on the information you entered on the previous screen, two percent of your Total Support has been calculated for you below. Please enter amounts from each U.S. or international funder whose TOTAL contributions to your organization over the years provided exceeds this two percent number. Do not enter any amounts for funders whose contributions, in total, do not exceed this two percent number. However, if you received donations from a person and his or her family members (defined to be his or her ancestors, spouse, descendants, or descendants' spouses), treat all those contributions as coming from a single donor. Similarly, if a donor is an entity 20% or more owned by another donor or by that donor and his or her family members, it should be reported with that donor.

For example, if you received contributions from John Doe, his wife Jane Doe, each of their three children, and their family-owned businesses, you would list the "Doe Family and related companies" as a single major donor if their collective total contributions exceeded the 2 percent limit.

For organizations in existence for 5 or more years, you must provide actual financial data. Audited financial data is not required. However, if you have audited financials, please use those numbers here. No projected data is permitted.

For organizations in existence for less than 5 years, you will be asked to provide a combination of actual and projected financial data. Please provide actual data for your current year (to the extent available) and any past years. If you are asked to provide information for the remainder of the current year or years in the future, please provide projected financial data for those columns.

Please enter only numeric digits 0 through 9. Each field must be filled in. If you have no information for a given field, please enter a 0. Enter amounts in your local currency.

## Review

Please review your answers to the questionnaire. To complete the submission process, an authorized representative - someone who is allowed to sign agreements and conduct activities on behalf of the organization -- must sign in the final section under "name of authorized representative."

If you are completing the questionnaire offline, please contact your customer service representative for assistance with mailing or faxing your questionnaire.

PLEASE NOTE: you must fill in the additional fields at the end of the review section and sign it, or we will be unable to accept your submission.

1. To help grant-making foundations in the United States of America determine whether the grantee organization is the equivalent of a public charity as described in section 509(a)(1), (2) or (3) of the United States Internal Revenue Code -- or a private operating foundation described in section 4942(j)(3) of the Code -- the undersigned makes this statement:

By entering my name below, I certify that I am an authorized representative of the organization and have the authority to attest to this affidavit.

An authorized representative is a person who is allowed to sign contracts and agreements and conduct activities on behalf of the organization. This person must be an officer of the organization. This person should have a title such as executive director, president, chief executive officer, chief financial officer, treasurer, general secretary, chairman of the board of trustees, chairman of the board of directors, trustee, or vice president.

You, the Organization, must notify us if any of the material facts you have provided us has changed.
